

What does my contribution cover?

Thank you for your contribution to Ganges Nirvana Community.
We believe it is important for you to know that the money exchange between you and the community is not a *charge*, but rather that it covers your costs while you are here.

Summary

- Each person costs approximately 58 Rs. per day, plus an initial 30 Rs. for a clean bedsheet, plus a mattress fee of 50 Rs. per day.
- Food cost is 100 Rs. per day
- Even if you aren't sharing meals with us, consider that your contribution is helping to provide a better space for yourself now, and for those who will come after you.
- Eventually, the community can become self-sustainable with a venture like an 'invite only' café, or community hostel. At that time, the daily cost could be as low as 0 Rs. per person who puts in the work.

Costs while you are here:
